

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

3) Can the CI user turn the processor on?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

4) Can the CI user turn the processor off?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

5) Can the CI user put the processor on appropriately?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

6) Can the CI user take the processor off appropriately?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

**Processor tasks:**

7) Can the CI user change the programs on the processor?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

8) Can the CI user change the volume on the processor?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

9) Can the CI user change the sensitivity on the processor?

Performs without problems   Performs with problems   Cannot perform   N/A

\_\_\_\_\_2                      \_\_\_\_\_ 1                      \_\_\_\_\_ 0                      \_\_\_\_\_ N/A

**Remote tasks:**

10) Can the CI user pair the remote to the processor?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

11) Can the CI user change the programs with the remote?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

12) Can the CI user change the volume with the remote?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

13) Can the CI user change the sensitivity with the remote?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

**Telecoil tasks**

If the CI user does not currently utilize the telecoil, skip to question 17.

14) Does the CI user know how to access their Telecoil?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

15) Can the CI user hold the phone appropriately to their implant?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

16) Can the CI user use the telephone independently?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

**Battery and charging tasks:**

17) Can the CI user charge the device appropriately for batteries and remote?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

18) Can the CI user insert batteries appropriately and replace disposable batteries?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

**Care of the processor tasks:**

19) Can the CI user properly clean the processor, acoustic component and/or change microphone covers?

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

20) Can the CI user properly care for the processor? (e.g. dry and store, etc)

Performs without problems	Performs with problems	Cannot perform	N/A
_____2	_____1	_____0	_____N/A

**COCHLEAR IMPLANT SKILLS REVIEW (CISR)**

Developed by Bernstein,C., Brewer,D., Hume, K., & Presley, R. (2015)

Modeled on test developed by Desjardins & Doherty (2012)-PHAST-R for hearing aids

**Preparation of the CISR was supported by Grant # 90RE5020 from the National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR), which is a Center within the Administration for Community Living (ACL), Department of Health and Human Services (HHS).**
